Re: St. Francis 250k GM Generation Unit – Docket No. 5147¹

Dear Pastor,

The Rhode Island Public Utilities Commission (Commission) has completed its review of the supplemental documentation submitted on July 21, 2021 on behalf of the St. Francis 250k GM Generation Unit. The documentation received indicates the facility began Commercial Operation on June 17, 2021 and the facility has been assigned the NEPOOL-GIS Asset Identification Number MSS71238.

Commission Staff has determined that the supplied documentation complies with the terms of the conditional eligibility authorized in Order No. 24060. Commission Staff has assigned to the St. Francis 250k GM Generation Unit the unique Rhode Island Public Utilities Commission Eligible Renewable Energy Resource Facility Certification Number RI-5147-N21. Renewable Energy Certificates associated with the production of energy from the St. Francis 250k GM Generation Unit which are minted on or after August 5, 2021 are eligible for the Rhode Island Renewable Energy Standard.

I can be reached at (401) 780-2107 should you have any questions regarding this matter.

Sincerely,

A handwritten signature in cursive script that reads "Luly E. Massaro".

Luly E. Massaro
Commission Clerk

cc: James Webb - Administrator, NEPOOL GIS

¹ Location of facility is 381 School St., North Kingstown, Rhode Island 02852.
